Hundred Mile an hour dog  
Book review

The hundred mile an hour dog is an absolutely brilliant book by Jeremy Strong it is about a dog that keeps stealing good and the cops are after him. What do you think will happen to streaker? Read the series and find out. Jeremy Strong has been an inspiration to this world ever since he started writing. When he wrote a hundred mile an hour dog book everybody was speechless. They thought that when he had fallen out of a window when he was young was going to mean he wouldn't be able to take on any responsibility's again! I would say the characters are brilliant they have so much expression in what they say and do. I would recommend it to any age from 5 months to 85 years old! By the way if you see Streaker report to either Sergeant Smugg or Boffington-Orr immediately and they will sort her out!
